

To whom it may concern

Reference Andi Schimmelpfennig

It is my pleasure to provide this letter of recommendation for Mr. Andi Schimmelpfennig.

Andi, DOB 17 June 1975, was employed by CPA Global Ltd. (former Landon IP Ltd.) from 06 January 2014 until 03 June 2016. Starting as Bilingual Patent Analyst in Electrical Communications, he was quickly promoted to Technical Consultant Europe and was Lead Project Contact for Analytics and Technical Advisory Services in Europe.

His main duties included, but were not limited to:

- Project Management – project scoping, pricing, execution & quality management
- Patent Search - Patentability, Invalidity & FTO across multiple languages (English, German, Russian)
- Patent Analytics - Competitors, Risk & Opportunity, Trademarks, Industrial Designs, etc.
- Team Management – guidance of other Patent Analysts & Consultants
- Patent Translations

Mr. Schimmelpfennig possessed considerable knowledge which extends far beyond the area for which he was recruited. The practical application of this knowledge has proven particularly useful to the company and its clients.

He has displayed organisational abilities combined with the perceptiveness and the ability to think quickly – qualities which have helped him to find effective solutions and to apply the procedures and methods he introduced in a professional manner. We have been consistently impressed by his performance.

Although challenging objectives were agreed with him, he achieved them, thereby earning the gratitude of his managers, clients and business partners alike. He managed to overcome problems, even unexpected ones, and fulfilled any project to our utmost satisfaction. This success is the result of his tenacious approach to work, focussed on methodically achieving the goals set.

I highly recommend Andi to your organization, as I know he will be a great asset to you.

Please feel free to contact me directly if you have any questions or need further information about Andi's achievements.

Sincerely,

Evelyn Hamidi CPA Global
Director of Customer Service and Operations
